NEWS

TPSA9040 Point-of-Entry Protector

Features and Benefits

- UL listed.
- Rated for single phase panels up to 400 amps.
- Installation flexibility.
- Audible Alarm.
- Internal diagnostics keep you informed.
- Guaranteed lightning protection.
- 3-Year \$10,000 appliance warranty.*
- 5-Year product warranty.*

TPSA9040 shields motor-driven appliances in residential and light commercial applications against electrical power surge damage, including lightning, from entering through the main electrical service panel.

Multiple MOV technology with thermal disconnect to prevent catastrophic failure.

The two LED lights indicate protection status. The audible alarm alerts you when protection is disrupted.

The Siemens warranty covers lightning damage during the warranty period.

Major household appliances are covered against surge damage for 3 years when a TPSA9040 is installed by a qualified electrician.

If the TPSA9040 surge protector is damaged, for any reason, during the first 5 years of ownership, Siemens will replace it free of charge!

* See warranty for terms and conditions.

Technical Specifications

AC Surge Protection	
Thermal Fusing	Yes
Catastrophic Surge Circuit	Yes
Single Pulse Energy Dissipation	1080 Joules
Spike Capacity	40,000A
Line Voltage	120/240 1 Phase 50/60 Hz
Initial Clamping Level	400V
Rated Voltage	150V
Response Time	<1 nanosecond
Short Circuit Rating	25,000A
NEMA 4X Enclosure	Standard

Agency Approvals & Warranty	
UL Listings	2, 5, 1449 TVSS
UL 1449 Rating	400V
Meets ANSI C62.41.1 Requirements	Yes
Lightning Protection	Free replacement during warranty period.
Product Warranty	5 Years
Appliance Warranty	3 Years
